[Jay is saying this]

B2

"Bullshit, we told you the real story, just write it down."

Ed much healthier

I woke up around 11:45 pm. It was around 12:12 am in violation of house no noise before 10 am policy. I slept out of my room and the door was fat and obnoxious, new tenant had both doors open and was loudly playing "Amazon's Grace" and he started singing along. ~~I~~

I closed one door. Had I closed the other, he would probably hear and another intervention nobody tells me what to do confrontation.

11/10/05

The FBI SD, Taylor, is always describe him as "one of their best assets", regardless of whether he is an FBI SD "independent contractor" or just an associate, bossy individual.

I planned to put a vehicle return card Friday, Nov 4. By Sunday night, Nov 6, this contractor, who moved in, told me to ~~move~~ move, and place another 2003 call, on a walk-talkie style cell phone from the common space next to my voice complaints about me. (I call so far.)

"No, we don't think you missed any

FBI ~~at least~~ continues answering
writing, "the whole world is watching!"
B2 has that my 3 file on recent file
just to be obnoxious instead of rational.

Evidently, the FBI SID in their
pretended low-level preschool and torture
on their court ~~days~~ low level
dirty war writing, gross - attracting
or grossing up on one another's victim
after another

Since I have remained sane, B2
is now playing an angry cartoon of
mind wants from a torture victim
to be the model and simulate my brain,
"mad".

On a more rational note, they earlier
today said that the head of the
FBI meant end my "investigation",
because the FBI shouldn't be
attracting neutral practitioners
of Gandhi's Satyagraha or "truth
force." Also, 522 paper listing on
FBI SID court dirty war list
was yet to be embarrassing when
President Bush just lied ~~so~~ again
on Monday and falsely claimed
that "the [the US government]
do not torture." Maybe everything

11/6/05 12:40 pm

It's just great in house today
