right next to the 2 thin <sup>2 bedrooms</sup> bedrooms; <sup>separate</sup>  
car rooms. He played it until 1 am,  
even though I asked him to ~~stop~~ turn down  
the volume at midnight. He ignored me and  
my requests, as usual. I went out him  
to measure a branch on his door, but  
almost fell on house walls and keep  
quiet after 10 pm.

4:35 am MAIN PC WORKING AGAIN

I suspect that ~~computer~~ <sup>computer</sup> may be  
able to disable this PC later by remote  
control, but chose to let it report 0 to  
me. I trust that and wanted that the  
monitor worked. On the other hand, it  
could be a rare error that was spontaneously  
fixed.

WHY JAY'S FBI SID TEAM  
RUNS ON SPEED  
OR  
WHY THE FBI SID  
RUNS ON SPEED

11/18/05 10:07 am

"The FBI got into the business of  
running on almost speed because  
the FBI like to keep their point  
very circumscribed." [statement attributed  
to Jay]

10:41 am

Jay

"Now here the problem is Jay is going  
to claim that speed makes his point  
stronger than you people."

SPEED NOT OFFICIALLY ALLOWED

11:11 am

Jay/DZ

"We asked our boss and our boss said  
that normally in FBI process we are  
allowed to take speed."

11/18/05 10:22 am BZ  
We're actually supposed to be  
by speed, admits BZ. [2:21 am about that, Jay.]

10:19 am

11/18/05 10:22 Jay Jay disagrees.

"Jay is very upset by this and Jay is  
going to show his displeasure by conducting  
a mock human sacrifice of Mr. Harding."

Ed

"Jay, can you still see yourself in a  
mirror."

Jay

want that posted any more son."

11:34 am

BZ

"That was BZ talking about Jay's headshot."
